SEPW comments (burke hearing). Note the rapid turnaround. Needs to be back to Kavlock by TOMORROW!

I won't be able to look until later this afternoon, so I'm hoping people can jump in immediately. I suggest we limit our review to the questions they've told us about (unless something seems really wrong with any of the others than you scan through).

Hi Lou (cc'd John):

With the help of Maureen and Kacee and old and new QFRs, I have drafted responses to the questions posed by SEPW. There are a few that need your review and at least one that could use a review by John Vandenberg.

I am hoping this is a light lift because we have drafted 95% responses already – but do let me know. I am hoping to get this to Kavlock by tomorrow and Tom by Wednesday and then back to OCIR on Thursday.

Questions that need your review:

## Deliberative Process / Ex. 5

The formatting in this document is wacky – please don't worry about that and I apologize in advance. There is a lot of open white space after the questions. Sometimes when you convert from a pdf to word – strange things happen.

Thanks in advance.
